

Dear reader,

I would like to inform you about the current status of the biocidal application for Petflox Pro10, which has been submitted to various countries within Europe to facilitate product acceptance. Below is an overview of the applications by country:

CASE Number	Evaluating Authority	Submission Date	Case Status
BC-BH029866-38	MSCA - United Kingdom	31-1-2017	In progress
BC-PT029865-02	MSCA - Sweden	31-1-2017	In progress
BC-EB029864-51	MSCA - Norway	31-1-2017	In progress
BC-UP029863-09	MSCA - Italy	31-1-2017	In progress
BC-XE029862-30	MSCA - Ireland	31-1-2017	In progress
BC-ML029861-29	MSCA - Germany	31-1-2017	In progress
BC-HF029860-48	MSCA - France	31-1-2017	In progress
BC-WK029859-06	MSCA - Finland	31-1-2017	In progress
BC-TF029858-21	MSCA - Denmark	31-1-2017	In progress
BC-XF029857-19	MSCA - Belgium	31-1-2017	In progress
BC-BN029856-27	MSCA - Netherlands	31-1-2017	In progress

We are currently awaiting European approval as a biocide. Your patience and understanding during this process are greatly appreciated. We are still working on this project so it can still change. You will hear from us when we have more information. Should you require any additional information or clarification, please do not hesitate to contact me.

Thank you in advance for your attention and cooperation.

Yours sincerely,  
Jelle Hoekman  
Director of Sales
